

Meet our Staff

Terry Vogel – *Operations Manager*

Ms. Vogel has over 30 years of Customer Service History and Management Skills. She joined Lake Texoma Jet Center in 2007 following a four year engagement as an Account Executive in the Fuels Marketing Division of Best AeroNet. Prior to working in the Aviation sector she gained outstanding business skills with a five year term in Boise, Idaho working as a Customer Service Technician for Hewlett Packard then followed up with six years in Administrative Management with Rush Enterprises.

Terry moved from Idaho to the great state of Texas in 1996. She has five children, 3 daughters Andrea, Timber, and Aley and 2 sons, Dustin and Marshall. An accomplished horseman; Terry has several American Quarter Horses that she rides and trains when time permits.

Jamie VanderMeer – *Customer Service Representative*

Jamie comes to Lake Texoma Jet Center with 10 years of customer service experience. After graduating from the Grayson County College with a certification in the medical industry she began her 10 year work history in the medical field. Jamie is very active with her three children; Nathan & Haley, 12 year old twins, and Kayla, her 16 year old daughter. All three are big sports enthusiasts, when Jamie isn't working you can find her on one of the local softball fields coaching from the sidelines!

She loves camping, the great outdoors, and her favorite place to vacation is anywhere on the ocean! She has a great spirit and a true desire to ensure a pleasant, efficient experience for all of our customers. We are thrilled to have Jamie on our Texoma Jet Center Team!

Rick Mask- *FBO Manager*

With over 10 years in management and a real passion for the aviation industry, Rick will bring value and energy to our team. A native to Texoma, Rick understands and appreciates what our facility represents and all the community has to offer. Rick earned his Private Pilot's License in 2008 and obtained his Repairman Experimental Aircraft Builder License in 2005. While building his own Rotorway Helicopter Executive 162F, Rick soon realized what he wanted to do with his life moving forward. He enjoys keeping up the maintenance on his aircraft while constantly improving his flying skills.

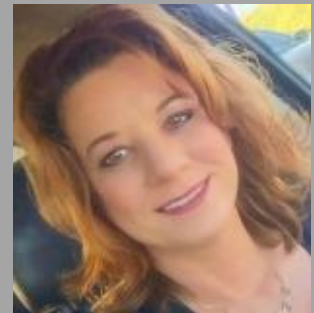

Rick's strong background in management, strategic planning, operational profitability and efficiency coupled with his exceptional customer service skills will guarantee your next visit to Lake Texoma Jet Center will be an experience you will appreciate!

Jana Bishop- *Accountant*

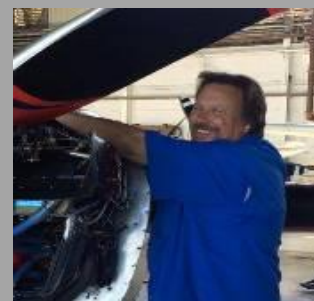

Jana brings 19 years of accounting experience to Lake Texoma Jet Center; she has a strong business background both in customer service and accounting. We are confident that with her many years of knowledge she will bring the level of professionalism and courtesy our customers have grown accustomed to. Jana has the rounded work history that will assist her to easily resolve any problems that may arise and get you back in the air as swiftly as possible.

A true Texoma gal, Jana enjoys boating on the lake and spending quality time with her daughter, Whitney and 3 grandchildren.

Ben Foytik- *Licensed A&P Mechanic*

Ben adds 27 years of aviation maintenance experience to the Lake Texoma Jet Center Team. Ben's extensive background and certifications include all of Cessna's HPSE, Corvalis, Caravan, and Skycatcher certification courses. He carries a certification in the care and maintenance of Nickel Cadmium and Lead Acid Aircraft Batteries. From a B-2 Stealth Bomber to Air Force 1, Ben has worked on it! Ben is active in his church, sings in the choir, and is known to Karaoke in his free time!

*From the friendly face that greets you, to the quality of work received,
Our #1 goal is your satisfaction!*
